

PUMP PROPORTIONING PRODUCTS

MultiDose

- Quick recovery, even with thick products
- Variable dosage 5-30ml per stroke
- Recharge delayed up to 10sec, if desired
- Accurate delivery at all dosage rates
- Highly durable construction for frequent usage
- Chlorine resistant

Model	Dispenses via	Dose amount ml.	\$ Price per item, by volume			
			1-4	5+	50+	100+
1001	Bottle Fill	5 to 30 (5ml increments)	84.00	79.80	75.60	71.40
1002	Sink Fill	"	84.00	79.80	75.60	71.40
1003	Bucket Fill	"	88.00	83.60	79.20	74.80
625	Enclosure	Lockable 2 Litre	39.60	37.62	35.64	33.66

HydroPump

- Push button dispenser
- Quantity of chemical concentrate can be pre-set from 15-30ml
- Choice of aluminium spout or PVC tube (for iodine or chlorine based product respectively)
- Versatile, can be installed either vertically or horizontally
- Highly durable construction for frequent usage
- Delay feature to avoid overdosing

Model	Dispenses via	Dose amount ml.	\$ Price per item, by volume			
			1-4	5+	50+	100+
616	Aluminium spout	15, 22 or 30	41.00	38.95	36.90	34.85
617	PVC discharge tube	15, 22 or 30	38.00	36.10	34.20	32.30

SPRAYING AND FOAMING PRODUCTS

HydroSprayer

- Sprays diluted chemical from the attached bottle, and rinses
- Fits to any available hose-end
- Wide mouth for easy fill and less waste or spillage
- Impact resistant and chemically inert
- Trigger gun operation

Model	Spray bottle capacity	Max flow rate	Approx. Dilution range H ₂ O:Chem. (3 Bar, 1.0cp)	\$ Price per item, by volume			
				1-4	5+	50+	100+
381BA	2.8lit	8 lit./min.	16:1 to 125:1	91.00	86.45	81.90	77.35
383BA	1.4 lit.	8 lit./min.	16:1 to 125:1	88.00	83.60	79.20	74.80

FoamMaster

- Compressed air foaming system
- Hose and foam/rinse nozzle included with 890
- Dry, rich clinging foam for excellent cleaning performance
- Clear water rinse facility with 890

Model	Wall or trolley mount	Rinse facility	Approx. Dilution range H ₂ O:Chem. (3 Bar, 1.0cp)	\$ Price per item, by volume			
				1-4	5+	50+	100+
890BA			5:1 to 250:1	678.00	644.10	610.20	576.30

HydroChem

- Versatile cleaning and sanitising centres
- Deliver diluted chemical solution as a spray or foam
- Both models have clear water rinse facility
- Hoses, foam wands and spray guns available as optional extras

Model	Products	Flow rates Lit./min.		Approx. Dilution range H ₂ O:Chem. (3 Bar, 1.0cp)	Cabinet	\$ Price per item, by volume			
		Product	Rinse			1-4	5+	50+	100+
918BA	1	13	19	10:1 to 500:1	S/steel front	314.00	298.30	282.60	266.90
919BA	2	13	19	10:1 to 500:1	S/steel front	329.00	312.55	296.10	279.65

HydroFoamer

- Foams diluted chemical from the attached bottle, and rinses
- Fits to any available hose-end
- Delivers the solution as a rich, thick foam
- Wide mouth for easy fill and less waste or spillage
- Impact resistant and chemically inert
- Trigger gun operation

Model	Foamer bottle capacity	Max flow rate	Approx. Dilution range H ₂ O:Chem. (3 Bar, 1.0cp)	\$ Price per item, by volume			
				1-4	5+	50+	100+
481BA	2.8 lit.	8 lit./min.	12:1 to 125:1	85.00	80.75	76.50	72.25
483BA	1.4lit.	8 lit./min.	12:1 to 125:1	84.00	79.80	75.60	71.40

WorldChem

- Versatile range of cleaning and sanitising centres
- Automatically dilutes and dispenses concentrated cleaning products as a spray or foam
- 1 or 2 product versions, each with clear water rinse facility
- Integrated hose holder.
- Effective performance with water up to 65 Deg.C.
- GB models supplied ready-to-use, complete with s/s inlet hose, 15m. discharge hose, new multi-function spraying/foaming gun and chemical container rack(s) for 5L. bottle(s).

Model	Products	Flow rates lit./min.		Approx. Dilution range H ₂ O:Chem. (3 Bar, 1.0cp)	\$ Price per item, by volume				
		Product	Rinse		1-4	5+	50+	100+	
959AP	2	10	18	10:1 to 500:1	257.00	244.15	231.30	218.45	
Models, complete with hoses, racks and multi-function Gun									
127	2	10	18	10:1 to 500:1	168.00	159.60	151.20	142.80	

Min-E-Wash

- 1 product Warewash and Glasswash system
- Automatic detergent dispenser
- Speed, time or conductivity probe control

Model	Operation	No. of pumps	Tubing	Flow rate m//min.	\$ Price per item, by volume			
					1-4	5+	50+	100+
15-06875-00	Speed	1	Santoprene	110	0	0	0	0
15-06875-01CP	Conductivity Probe	1	Santoprene	110	0	0	0	0
TBA	Timed	1	Santoprene	110	0	0	0	0

Sprite - Dishwash

- 1 or 2 products, automatic detergent and rinse aid dishwash dispenser system
- Pre-wired one-piece unit for easy installation
- Timed or Conductivity controlled detergent dose
- Simple on-screen menus for fast set-up
- Solenoid operation available for solid product

Model	Number of peristaltic pumps	Detergent Pump	Flow rates ml./min.	Rinse Pump	\$ Price per item, by volume			
					1-4	5+	50+	100+
DM 420	2	200ml./min.	0-30 ml./min.		440.00	418.00	396.00	374.00
DM 411	Solenoid + 1	Powder on demand	0-30 ml./min.		440.00	418.00	396.00	374.00

Sprite III - Dishwash

- 3 product Dishwash system
- Automatic detergent, rinse aid and sanitiser dispenser
- Pre-wired, simple installation
- Simple on-screen menus for fast set-up
- Front access for easy servicing

Model	Number of peristaltic pumps	Detergent Pump	Flow rates ml./min.	Rinse Pump	\$ Price per item, by volume			
					1-4	5+	50+	100+
DM 730	3	200ml./min.	0-30 ml./min.		840.00	798.00	756.00	714.00
DM 721	2 + Solenoid (for solid product)	200ml./min.	0-30 ml./min.		840.00	798.00	756.00	714.00

Meteor Powder Bowl

- A bowl dispenser for solid capsule or powder product
- Caters for any product container up to 150mm Dia.
- Chemically resistant polypropylene construction, with stainless steel spray diverter
- 3 additional nozzles for alternative spray patterns
- For use with Sprite or Mercury dispensers

Model	Application	Products	\$ Price per item, by volume			
			1-4	5+	50+	100+
15-06910-00	Laundry or Dishwash	Powder or Capsule	140.00	133.00	126.00	119.00

AutoDose

- Wall mounted regular chemical dosing device
- Automatic
- Pre-set timed doses

Model	Power	No. of settings	Tubing	Flow rate ml./min.	\$ Price per item, by volume			
					1-4	5+	50+	100+
1080	DC	Up to 8 every 24 hours	Norprene	100	312.00	296.40	280.80	265.20

UltraDose

- Container mounted regular chemical dosing device
- Automatic
- Pre-set timed doses

Model	Power	No. of settings	Tubing	Flow rate ml./min.	\$ Price per item, by volume			
					1-4	5+	50+	100+
1060	DC	Up to 8 every 24 hours	Norprene	100	0	0	0	0

LAUNDRY PRODUCTS

Mercury - Laundry

- 2 or 3 products On-premise Laundry system
- Automatic detergent and conditioner dispenser
- Pre-wired, simple installation with on-screen menus for fast set-up
- Suitable for top or front loading machines up to 20Kg
- Up to 4 different wash formulas
- 4 modes - Automatic, Push-button, Sequence, or Relay
- 4 signal inputs, and signal verification

Model	Number of Products/Pumps	Formulas	Flow rates ml./min. All pumps	\$ Price per item, by volume			
				1-4	5+	50+	100+
LM 730	3	4	200ml./min.	688.00	653.60	619.20	584.80
TL3	2	4	200ml./min.	566.00	537.70	509.40	481.10

Sprite - Top Load Laundry

- 2 product On-premise Laundry system
- Automatic detergent and conditioner dispenser
- 3 modes of operation - Automatic, Push-button or Sequence
- Pre-wired, simple installation with on-screen menus for fast set-up
- Suitable for top or front loading machines up to 20Kg
- Up to 4 different wash formulas

Model	Number of Products/Pumps	Formulas	Flow rates ml./min. Both pumps	\$ Price per item, by volume			
				1-4	5+	50+	100+
TL 2	2	4	200ml./min.	447.00	424.65	402.30	379.95

Eclipse - Laundry system

- Up to 6 products On-premise Laundry system
- Compact, low-cost automatic dispensing system
- Easily installed 3 piece modular system (pumpstand, controller and machine interface)
- Pumpstand is ready-wired for ease of fitment
- Controller supplied ready to fit with simple, identified connections
- Safe, high voltage isolation from machine
- Up to 8 wash formulas
- Simple 3 button programming
- Flush manifolds available
- 350 or 550 ml./min. flow rates available
- Suitable for 10-60Kg machines
- Front access thumb screws for easy tube service

Model	Number of: Products/Pumps	Formulas	Standard tubing*	Flow rates ml./min. All pumps	\$ Price per item, by volume			
					1-4	5+	50+	100+

LM160EG	6	16	EPDM	350	1503.00	1427.85	1352.70	1277.55

* Silicon, Viton and Norprene tubing are also available.

Orion - Laundry system

- Up to 8 products On-premise Laundry system
- Compact, low-cost automatic dispensing system
- Easily installed 3 piece modular system (pumpstand, controller and machine interface)
- Pumpstand is ready-wired for ease of fitment
- EXF Controller supplied ready to fit with simple, identified connections
- Safe, high voltage isolation from machine
- Up to 16 wash formulas
- Flush manifolds available
- 350 or 500 ml./min. flow rates available
- Suitable for 20-100Kg machines
- Front access thumb screws for easy tube service
